Dear Mr. Hansen:

Permit me to thank you for the two tokens of esteem to Farran Zerbe, which you sent to our Society. We are very glad to have these.

With much appreciation,

Sincerely yours,

Curator.

Dear Mr. Wood:— While talking to our mutual friend Wyman at our last meeting of the Society, he said that a varnish was being used by your Society, to prevent the tarnishing of silver coins. Would it be possible to advise me regarding this varnish, how applied and where secured. My house is equipped with a gas furnace, so you can understand that my silver coins tarnish quite quickly. Anything that would prevent it, would be more or less of a god send.

With very best regards,
Sincerely,
Harvey L. Hansen

Dear Mr. Hansen:

The lacquer we use on our coins is made by the Zapon Company. I note on the can that they have an office in San Francisco, so you ought to get in touch with them there. We get Zapon Duranite B, but we mix it with a thinner that they prepare known as Thinner 21. I forget the proportions Mr. Robertson uses and he is not in to-day, but it is easily half and half. However, you can work this out for yourself. We try to put it on as thinly as we can and yet have a sufficient covering to preserve the piece.

I hope this will help.

Sincerely yours,

Curator.

Dear Mr. Hansen:

Many thanks for the four pieces of radio money sent on for our collection. This was new to us. Naturally we have been acquiring a lot of the scrip issued during the past year and we are very glad to get these notes.

Very truly yours,

October 20th to 22nd, 1933

123 Greenbank Avenue,
Piedmont, California,
September 5th, 1933.

Dear Mr. Wood:- Am enclosing some correspondence and also a rubbing of a medal. I wonder if you can trace this for me, as the dates do not seem to be right, as far the battles of Trenton and Princeton are concerned. Perhaps you have the specimen in the collection and can give me the history. Be so kind as to return the letters, as well as the rubbing with your answer.

Wish that you were coming out here to join us at the Far Western Numismatic Conference. We have our plans all laid and all we need now is attendance. It is something new for this part of the country and we hope that it will become an annual affair, with Los Angeles as the host for next year.

With very best regards,
Sincerely yours,

Harvey L. Hansen

Dear Mr. Wood: - Quite some time ago
I wrote asking you for some informa
tion regarding a medal. Have you
been able to get any information
for me?

Our Far Western Conference came &
went. Wish you could have been with
us, know that Arthur Wyman would
have been especially pleased.
Best regards Harvey L. Hansen.

Dear Mr. Hansen:

I have had a feeling the past week or so you would be writing me concerning that Trenton and Princeton medal. I sent it to one of our members at Trenton, William Housel, who knew nothing about it but said he would do his best to find out what it was. He has taken a decided interest in this, has shown it to the various historical societies and everyone else he could think of. I wrote him about two weeks ago and he said he was still working on it and thought he had a lead and would let us know later. Therefore, be patient a little while longer and we may get the information. I had heard from Wyman about the Western conference. He was a little disappointed in the numbers I think but not in the quality.

Best regards,

HW:JG

Dear Mr. Hansen:

Only today did I receive back from Mr. Housel the correspondence relating to the Trenton and Princeton badge you sent to me several months ago. Possibly he has written you. At any rate, this is what he says: "I have had the assistance of the best historians in these parts but to no avail. Sorry to fail you."
